

PRODUCT DATA SHEET

CEILING SYSTEM EASY HAVEN

EASY HAVEN

Designed with added accessibility in mind when compared to a standard torsion spring system, the EASY HAVEN system allows for customization to the ceiling design. The ceiling, sold as a turn-key solution, is perfect for both flat or curved applications, and can be designed to enhance acoustic properties. With every panel being accessible, maintenance personnel will have unhindered access to the plenum.

FEATURES

- Concealed suspension look
- Range of sizes
- Unlimited access with hinge-down design
- Different textures and colors available

BENEFITS

- Easy installation and replacement of panels
- No hassle
- Cost-saving labor
- Ideal for low clearance plenums

ALUMINUM

Material type 3003-H14 (painted and laminated finish) or 5005-H14/32 (anodized finish) to comply with ASTM B-209
Thickness: 0.032” to 0.050”

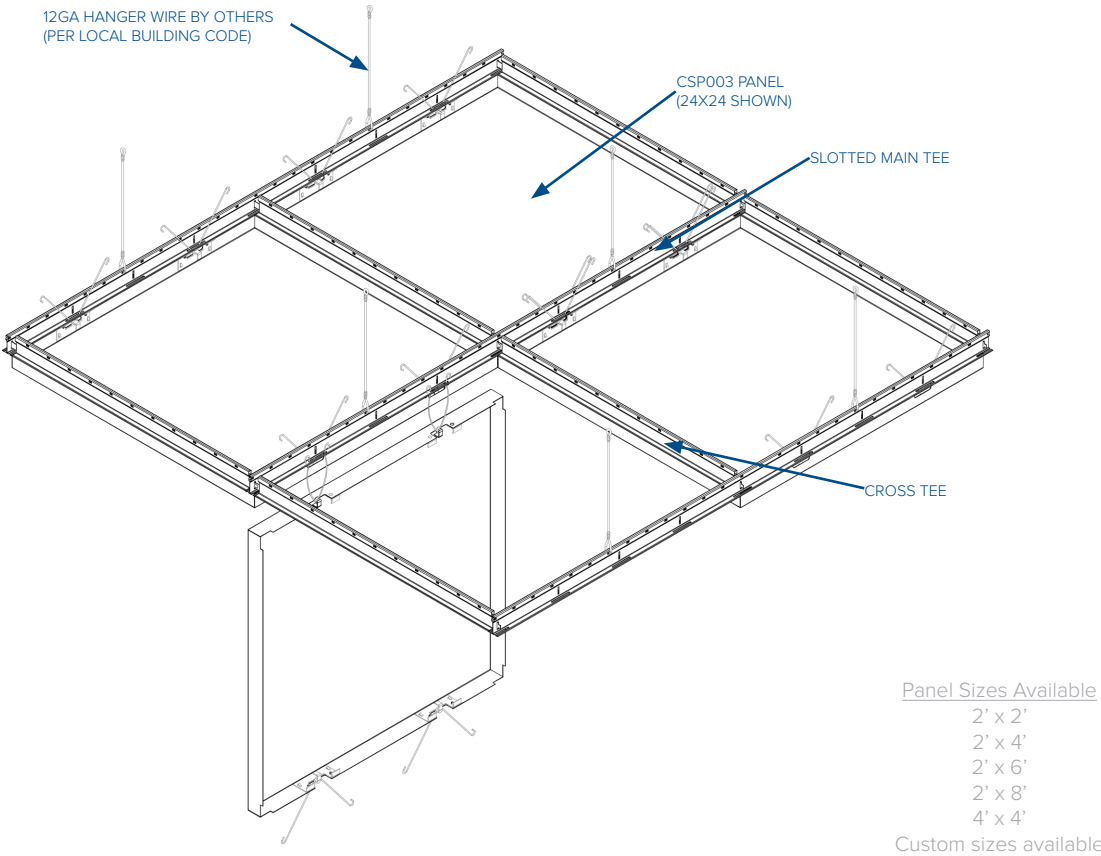

ACOUSTICAL MEDIA

- Non-woven acoustical fabric
- Fiberglass acoustical media encased in black poly or PVC

FIRE RATING

All metal ceiling panels and associated suspension systems are made entirely of noncombustible materials and meet all known code requirements.
