

PRODUCT DATA SHEET

CEILING SYSTEM NEW HAVEN

NEW HAVEN

Designed with retrofits and renovations at the forefront, the NEW HAVEN system is a perfect low-cost alternative when replacing an existing suspended ceiling. Suitable for use with an existing 15/16" suspension grid, this torsion spring system can help elevate the appearance of a space while greatly reducing the labor costs. Suitable for interior applications only.

FEATURES

- Concealed suspension look
- Can be used with existing 15/16" suspension grid
- Unlimited access to plenum
- Different textures and colors available

BENEFITS

- Easy installation and replacement of panels
- No hassle
- Reduced labor costs
- Low cost option for renovations and retrofits

ALUMINUM

Material type 3003-H14 (painted and laminated finish) or 5005-H14/32 (anodized finish) to comply with ASTM B-209
Thickness: 0.032" to 0.050"

ACOUSTICAL MEDIA

- Non-woven acoustical fabric
- Fiberglass acoustical media encased in black poly or PVC

FIRE RATING

All metal ceiling panels and associated suspension systems are made entirely of noncombustible materials and meet all known code requirements.
