

PRODUCT DATA SHEET

# COLUMN COVER SYSTEM SERIES Z-CLIP

SERIES Z-CLIP

The Series Z-Clip column cover is a versatile indoor system. Designed for the most flexibility in terms of size and shape, this system can also include an integrated core for impact resistance. The Series Z-Clip column cover is the contractor’s choice for high quality, low labor installation.

FEATURES

- Simple, progressive installation
- With an integrated core, great for high-traffic public areas
- Available in various shapes and sizes
- Incredible finish results in various textures and colors

BENEFITS

- Simple Z-Clip installation
- No hassle, cost saving labor
- Flexible in design and function
- 100% accessible

ALUMINUM

Material to comply with ASTM B 209, alloy and temper recommended by aluminum producer and finish requested, with strength and durability equal to or greater than the properties of the 3003-H14 for painted or laminated finishes and 5005-H14/32 for anodized finish.

Thickness: 0.063” to 0.190”

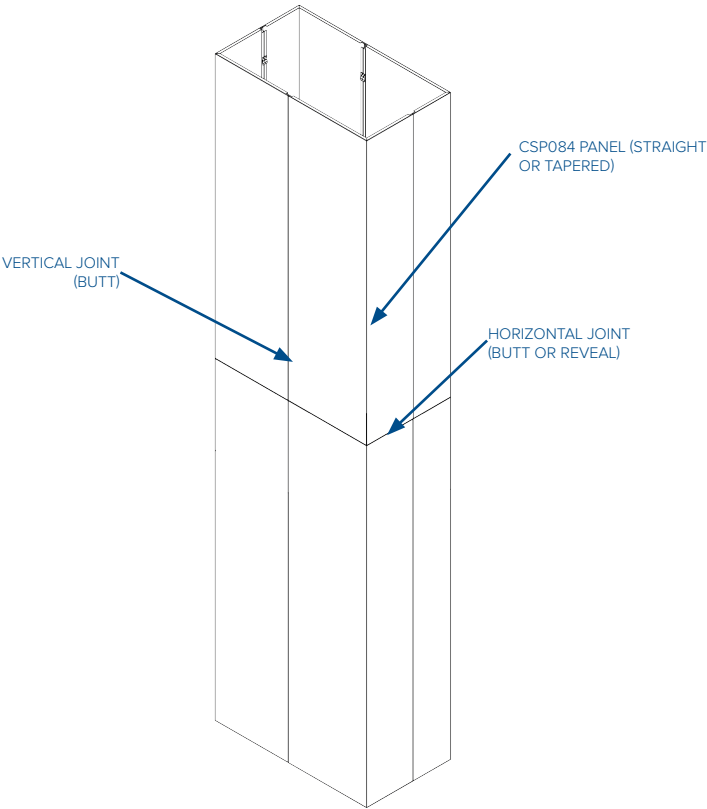

ACOUSTICAL MEDIA

- Non-woven acoustical fabric
- Fiberglass acoustical media encased in black poly or PVC

FIRE RATING

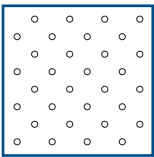

All metal panels and associated suspension systems are made entirely of noncombustible materials and meet all known code requirements.
