

 CARRITEC | **CUSTOM COMMERCIAL SOLUTIONS**

# DREAM IT AND WE CAN CREATE IT.

*Carritec is the specialist in custom solutions.*

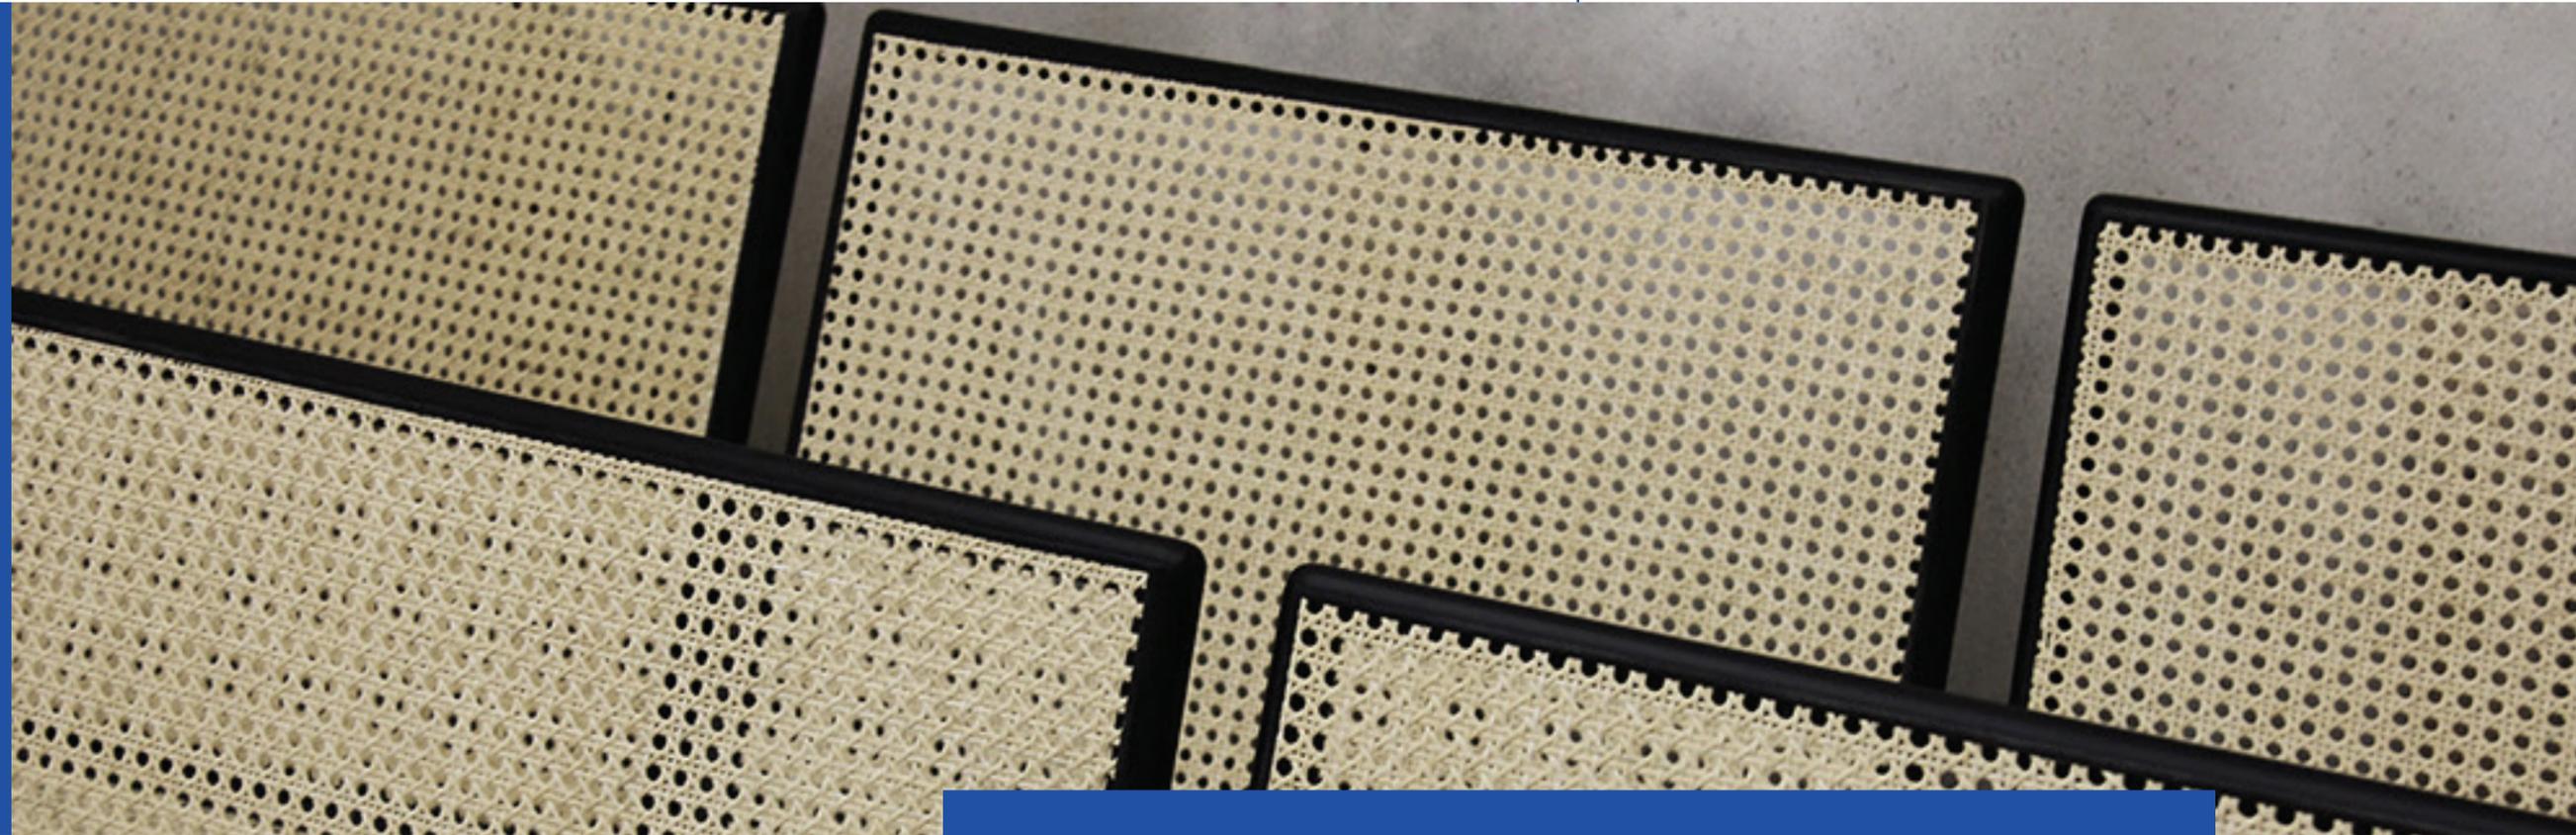

## QUALITY IN PRODUCT & CRAFT

At Carritec, we put quality and innovation first. Over 35 years of experience in creating custom commercial solutions, our dedicated team of professionals settles for nothing less than perfection. Our wide range of commercial solutions promise to provide a unique and immersive retail environment that is tailored to your specific needs and objectives.

## FURNITURE & LIGHTING

The decorative elements you put into your space are just as important as the space in which they live. As customers navigate through your store, they should experience a seamless flow in its design. Get the consistent look and feel you've been dreaming of, with custom-built furniture and transformative lighting solutions that tie into the design of your space and enhance your brand.

## FLOOR & WINDOW DISPLAYS

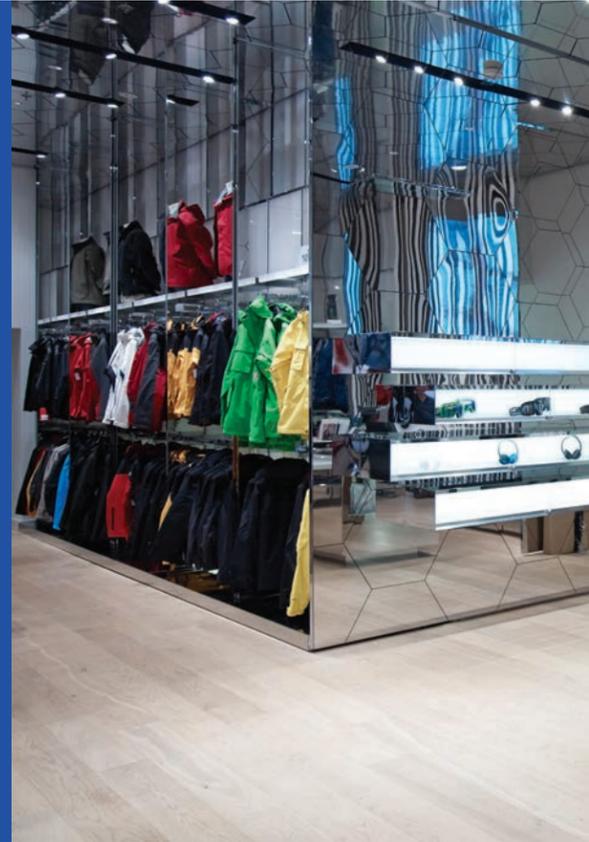

Captivate passers-by and turn them into potential customers by putting your products in the spotlight. Our custom display solutions open up a world of possibilities when it comes to visual merchandising, allowing you to showcase your products in a way that sets them apart from the rest.

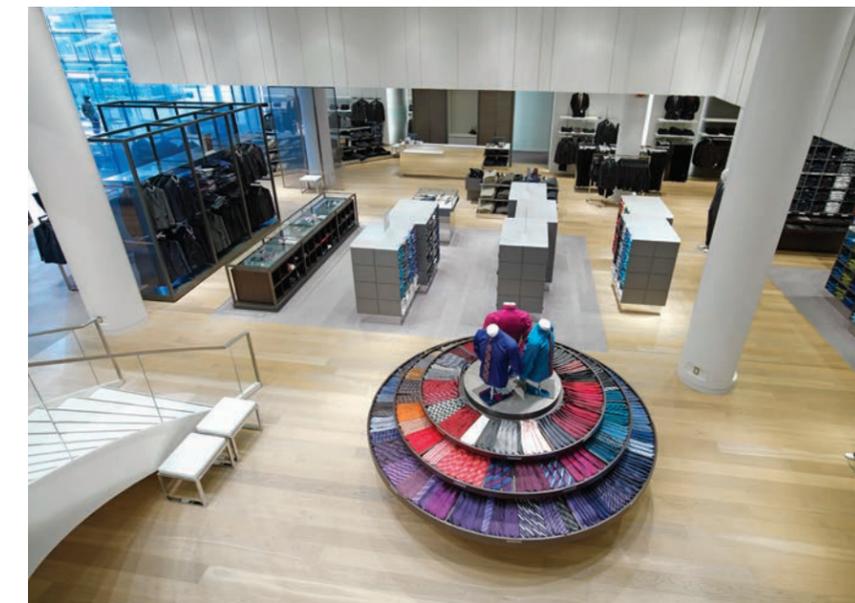

## COUNTERS & COUNTERTOPS

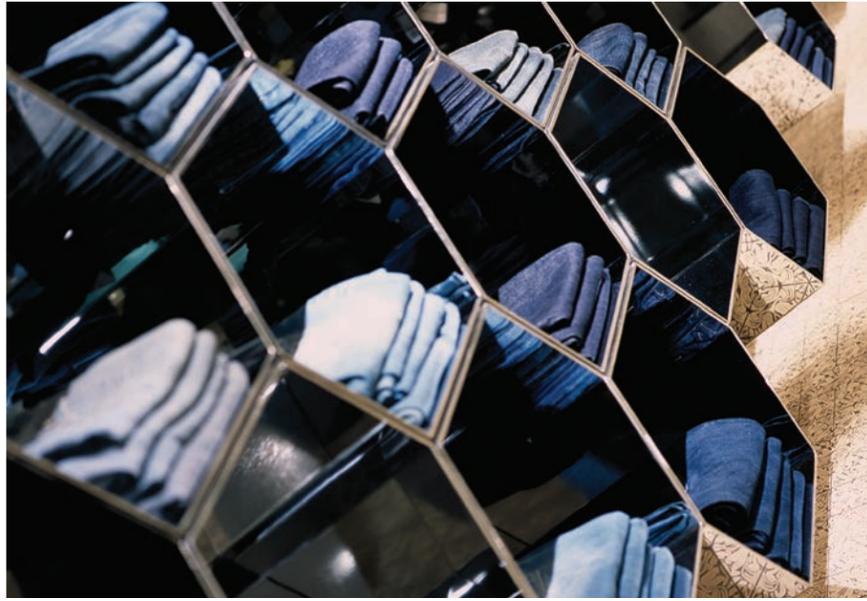

With the checkout counter being the final touch point with your customers, it's important to create a lasting impression that flows with the rest of the customer experience you have established. No matter the size or layout of your store, we can create a custom counter space that reflects your brand.

## BUILT-IN DISPLAYS

Our display solutions are custom made to merge perfectly with the layout and design of your space, all while making your products stand out. We provide the framework you need to show customers what you offer and get your brand message across, with various options of colors, finishes, composition, size, appearance, and much more.

## SHELVING SOLUTIONS

Provide your customers with a comfortable shopping experience that boosts product visibility and makes it easy for them to browse. Our wide variety of custom shelving solutions are built to blend effortlessly with your store's aesthetic, and allow you to organize and present your products efficiently within your space.

## DISPLAY RACKS

Visual merchandising plays a key role in today's retail shopping experience, and we recognize the importance of presenting products in a compelling way. Make a memorable first impression on any customer who enters your store with our custom-built display racks, crafted from sturdy, high-quality materials.
